DETAILED ACTION

Claim Objections

Claims 12-17 are objected to because of the following informalities: The limitation pertaining to the rigid planar member being fabricated from metal alloys is set forth in claim 11. Claim 12, which depends from claim 11, has set forth the materials of the rigid planar member including metal alloys. It is improper to have a duplicate recitation of a material in a claim that depends from a claim. It is also improper to have a limitation in a claim and to set forth the same limitation in a dependent claim (that depends from the claim) in a broader scope. Appropriate correction is required.

Conclusion

This application is in condition for allowance except for the following formal matters:

The objection to claims 12-17 above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
